DEPARTMENT OF EDUCATION & COMMUNITIES
HIRE RATES FOR COMMUNITY USE OF FACILITIES

Use of School facilities incurs costs to the school in regard to setting up, providing staff to open and close the facility, wear and tear on equipment, utilities etc. Charges are levied for user groups based on requirements. Non-profit organisations using the hall and not charging admission may seek a negotiated reduction on these costs by contacting the Principal. All charges are based on the DEC Schedule of fees (below) which are exclusive of GST, which can be negotiated with the school on a case by case scenario.

The DEC policy also states that a Working with Children Check is also mandatory.
